

SOLUTIONS for Greener Planet

DECOVERY [COVESTRO]

Special plant / bio-based resins for most
WB applications and digital printing

VINNAPAS ECO [WACKER]

VAE polymer dispersions, powders and solid
resins for coatings, adhesives, textile and dry mortar
mixes based on the mass balance method

VINNECO [WACKER]

VAE polymer dispersions based on incorporation of modified
starch with detectable C14 content for WB coatings

PIGMENTAN [BANNER CHEMICALS]

Zn free ecological anti-corrosion pigments

PREVENTOL + [LANXESS]

In Can preservation without labelling, biodegradable,
based on natural or natural identical resources

PREVENTOL Pure + [LANXESS]

Readily biodegradable In Can preservation
with optimized environmental profile, based on
renewable resources, no labelling
