## ABOUT US

We have been creating **RADKA** company responsibly and gradually for more **30 years**. Although the company is based on tradition, we are not opposed to new trends. We are a **proud family company** with Czech capital, organized in a holding structure, gradually expanding our activities outside the Czech Republic. Our global **RADKA World** already includes **8 separate RADKA companies operating in 16 countries** of the world.

# Our Mission in RUBBER

## MISSION

Our constant goal is to move the development of the rubber industry toward higher competence and sustainability, in pursuit of the development our customers and the natural environment of our planet. Our mission is to offer new, creative and cost-effective solutions for wide range of industrial application, reflecting the current level of market knowledge and expectations.

## Our VISION

Have the courage to look for **innovative solutions** that do not burden the natural environment and prioritize these in all our activities.

Be a **stable partner** for all groups of our customers, differing in size, field of activity and geographical scope.

Maintain outstanding services and complete **customer satisfaction**.

To be a reference distributor and together with our suppliers built a **strong partnership** offering added value associated with every activity we do.
