Our WAY

ABOUT US

We have been creating **RADKA** company responsibly and gradually for more **30 years**. Although the company is based on tradition, we are not opposed to new trends. We are a **proud family company** with Czech capital, organized in a holding structure, gradually expanding our activities outside the Czech Republic. Our global **RADKA World** already includes **8 separate RADKA companies operating in 16 countries** of the world.

WATER Treatment

Water cleaning

- Sludge thickening
- Sludge dewatering
- Sorption of heavy metals
- Precipitation of heavy metals
- Defoaming

We are one of the major distributors of water treatment and purification products in selected countries. We offer a wide range of materials for demineralization, softening, reverse osmosis, heavy metal removal and pollutant sorption. In the area of municipal and industrial wastewater, this mainly includes the dewatering and thickening of sludge. We provide complete technical-application service and consultancy to all offered products. Given our many years of experience, we are a proven partner in this field.

Water treatment

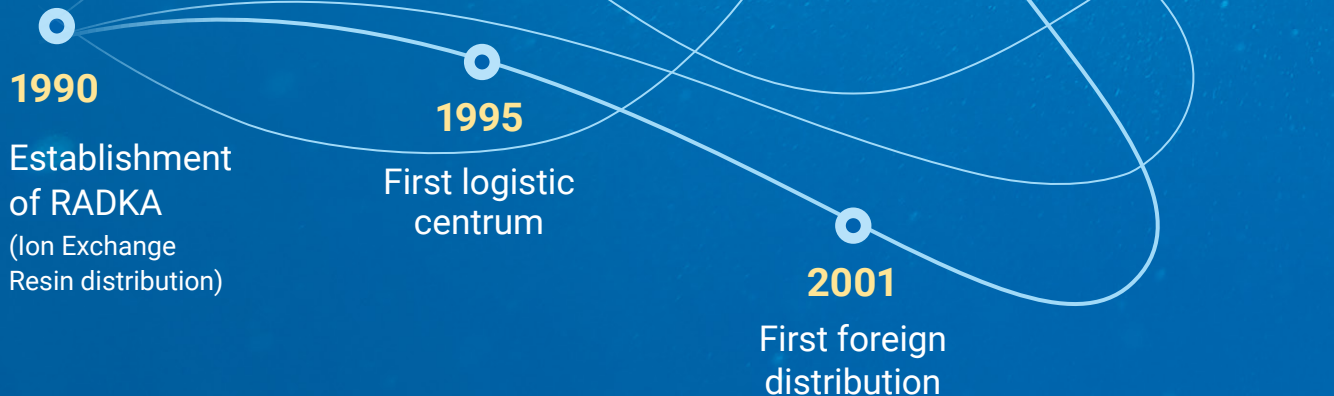

- Demineralization
- Softening
- Reverse osmosis
- Selective sorption of pollutants

**"We are solving
the challenges of the future"**

The products we supply are used in many industrial applications, predominantly where unique characteristics and a high level of functionality are required. We are constantly expanding the product portfolio to bring decisive advantages and benefits to the challenges of the future.

WATER TREATMENT BUSINESS UNIT

- Active marketing including presentations.
- Exhibitions and conferences.
- Acquisition of clients based on project activities.
- Active collaboration with technology suppliers.
- Wide product portfolio.
- Permanent warehouse stock.

Our VISION

A man in a dark suit stands with his back to the camera, looking out of a large, curved glass window. The window offers a view of a city skyline with several tall buildings under a clear sky. The interior floor is a light-colored, polished surface.

We want to hold on to the values of a traditional family business. We are expanding our activities in this spirit.

Based on strong foundations, we are constantly extending our borders.

WATER TREATMENT VISION

- Business potential.
- Growth on the basis of the increasing emphasis on the environment.
- Increasing share of service activities.
- Further development our partners cooperation.
